THE FEI CODE OF CONDUCT

FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. **The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.**

A full copy of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English & French. The Code is also available on the FEI's website: www.fei.org.

CSI5*/CSI2*/CSIAm-B

OSLO 15 – 18 OCT 2015

OC reserves the right to modify the schedule in order to clarify any matter or matters arising from an omission or due to unforeseen circumstances. Unforeseen circumstances do not include situations arising as a result of the OC altering the approved Schedule without FEI's authorisation. Any such changes must be notified to all competitors and officials as soon as possible and they must be reported to the FEI Secretary General by the Foreign Judge.

10. SCHOOLING DURING COMPETITIONS

Riders wishing to school during speed competitions (Table A and Table C) must inform the OC before these competitions begin. These riders will start first in these competitions.

11. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

12. RESULTS

In order to proceed with the results publication and for qualification purposes the FEI requires results **to be uploaded directly on the FEI Database** within five days after the conclusion of the event.

All relevant information, file format and tutorial can be found on this page:

<http://www.fei.org/fei/your-role/organisers/xml-format>

If you or your provider are unable to produce the required files, results will be accepted by e-mail to results@fei.org, in the proper Excel or "XML" format immediately after the event. Please refer to compulsory format for CSIs/CSIOs/Championships and Games; the file can be downloaded using the following link:

<http://www.fei.org/fei/your-role/organisers/jumping/results-forms>

All results must include FEI Passport Registration number of horses and FEI ID number of Riders.

Please note that as per Art. 109.6 (GR): OCs of International Events must inform the FEI and NFs whose teams or individuals have taken part, of the results and prize money paid to each placed Athlete and team, within five (5) days following the Event, unless otherwise specified for qualification and ranking reasons as communicated by the FEI. Failure from OCs of International Events to provide the FEI with the appropriate result(s) and/or prize money information by the aforesaid deadline and/or in the aforesaid format shall entail a warning for the first violation and thereafter a fine of CHF 1'000.- per violation.

13. BETTING

Betting will be authorised by the OC. Yes

14. STEWARDING

If an athlete is uncertain as to whether the boots he/she intends to use during an event are allowed, he/she or his/her representative should show the boots to the Chief Steward for his/her opinion before the boots are used in training or in competition.

In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.

CSI5*/CSI2*/CSIAm-B

OSLO 15 – 18 OCT 2015

As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask his/her groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.

The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. *[Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.]* If an athlete or his/her groom refuses to remove and re-place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.

If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.

This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 244.1).

15. **DOGS**

Please note, that dogs are not permitted within the Show area, which includes the arena, the stables and warm-up area and all other spaces that are used by the OC.
